

Maryland Legislative District 17

2018 GENERAL ASSEMBLY CANDIDATE SURVEY

Maryland CAPE is the state chapter of the national Council for American Private Education, a coalition of 40 state affiliates serving the nation’s private elementary and secondary schools. Maryland CAPE acts as a legislative coalition for the voting families, teachers and administrators for Maryland’s 120,000-plus nonpublic school students. This year, Maryland CAPE surveyed the state’s candidates for both houses of the Maryland Legislature (the Senate and House of Delegates) regarding their positions on issues important to nonpublic schools.

The responses of the candidates in your district are found below. The candidates were asked to convey a position of “Support” or “Oppose” with regard to the issue statements (see reverse side). A blank response to a statement means the candidate chose not to assert a position on that issue. All candidates were also given the opportunity to comment on the issue, in order to explain their position.
